

YELLOW BUS SERIES

Presented by The Midland Theatre & Mortellaro McDonald's

MIDLAND
THEATRE

Your Theatre & More!

UNLOCK A WHOLE NEW WORLD OF LEARNING!

Young people learn in many different ways. The emotional rush of a live performance could be the key to unlocking a world of learning. With generous support from Mortellaro McDonald's, The Licking County Foundation and many other organizations, The Midland Theatre is thrilled to provide this experience for thousands of students each year.

Sharing the magic of the performing arts with your students, this series explores concepts like sequencing, retelling and comparing different versions of the same story. Beyond the academic merits, a field trip to The Midland may be a child's only chance to see a live show in a beautiful historic theatre. At just \$5 per person, the value is undeniable. All performances are 45-60 minutes.

DOKTOR KABOOM! "LIVE WIRE - THE ELECTRICITY TOUR"

April 6, 2016 9:30am & 12:30pm | Grades 4-6

April 7, 2016 9:30am & 12:30pm | Grades 4-6

This newest show explores the nature of electricity. What is it? What does it do for us? Where does it come from? With Tesla Coils, Van de Graaf Generators, and a ping pong shooting robot, Doktor Kaboom explains everything from voltage and current, to charges, conservation of energy, and plasma.

Doktor Kaboom is an over the top German physicist with a passion for science that knows no bounds. Sporting chrome goggles, orange lab coat, motorcycle boots, and wicked cool hair, Doktor Kaboom travels the world, thrilling adults and children alike with an explosive comedic style that is guaranteed to please every crowd. His improvisational skill promises no two shows will ever be the same, and his character driven comedy will entertain audiences of every age. Nothing says science like KABOOM!

Science is for everyone, not just the guy in the labcoat, or the girl who wins the science fair every year. Science is not hard, but it does take effort. That's not hard, that's just work, and that's just life. Every child is intelligent, creative, valuable, and should know that about themselves. Grab your lab coats and safety goggles, because this one-man show can be explosive! Doktor Kaboom is back by popular demand with an all-new interactive science comedy show, this time focused on the amazing power of electricity. Our favorite stand-up scientist with the thick German accent will keep crowds transfixed and rolling on the floor with his increasingly spectacular experiments. With his hilarious improvisational style, no two shows will be exactly the same--you may even be called on stage to help with one of his zany demonstrations! If you're ready to get psyched about science, just say "ja!" to Doktor Kaboom!"

LET THEIR JOURNEY BEGIN WITH THE ARTS!

2015-16 ARTS EDUCATION PROGRAMS FROM THE MIDLAND THEATRE & MORTELLARO MCDONALD'S

Thanks to the support from great organizations such as Mortellaro McDonalds, The Ohio Arts Council, The Licking County Foundation, The Limited, Kohl's Cares and Mary E. Babcock Foundation, we are able to provide some financial assistance to help offset the cost of attending these special performances. Funding is limited, and The Midland Theatre may not be able to accommodate all financial needs, so prompt response is of the utmost importance.
